

# Lenco Integration Guide

This document provides the key details and tools needed for integrating Lenco payment services into your application or website.

## Integration Documentation

<https://lenco-api.readme.io/v2.0/reference/introduction>

## Testing Environment (Sandbox)

Sandbox Base URL	<a href="https://sandbox.lenco.co/access/v2/">https://sandbox.lenco.co/access/v2/</a>
API (Secret) Key	993bed87f9d592566a6cce2cefd79363d1b7e95af3e1e6642b294ce5fc8c59f6
Public Key	pub-88dd921c0ecd73590459a1dd5a9343c77db0f3c344f222b9

## Payment Integration Tools

Payment Widget	<a href="https://lenco-api.readme.io/v2.0/reference/accept-payments">https://lenco-api.readme.io/v2.0/reference/accept-payments</a>
Card Demo	<a href="https://pay.lenco.co/demo">https://pay.lenco.co/demo</a>

## WordPress Plugin

1. Download the plugin from GitHub.
2. After installation, go to the plugin settings and enter your Public Key (available in your Lenco App).
3. Save your settings and test the checkout flow in Sandbox mode.
